

CALLINGTON COMMUNITY COLLEGE (FOUNDATION SCHOOL)

PARENT/CARER ACCEPTABLE USE POLICY

New technologies have become integral to the lives of children and young people in today's society, both within college and in their lives outside college. The internet and other digital information and communication technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.

This Acceptable Use Policy is intended to ensure:

- That young people will be responsible users and stay safe while using the internet and other communications technologies for educational, personal and recreational use.
- That College ICT systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk.
- That parents and carers are aware of the importance of e-safety and are involved in the education and guidance of young people with regard to their on-line behaviour.

The college will try to ensure that students will have good access to ICT to enhance their learning and will, in return, expect the students to agree to be responsible users. A copy of the Student Acceptable Use Policy is attached to this permission form, so that parents/carers will be aware of the college expectations of the young people in their care.

As the parent/carer of the above student:

- I give permission for my son/daughter to have access to the internet and to ICT systems at college.
- I know that my son/daughter has signed an Acceptable Use Agreement and has received, or will receive, e-safety education to help them understand the importance of safe use of ICT – both in and out of college.
- I understand that the college will take every reasonable precaution, including monitoring and filtering systems, to ensure that young people will be safe when they use the internet and ICT systems. I also understand that the college cannot ultimately be held responsible for the nature and content of materials accessed on the internet and using mobile technologies.
- I understand that my son's/daughter's activity on the ICT systems will be monitored and that the college will contact me if they have concerns about any possible breaches of the Acceptable Use Policy.
- I will encourage my child to adopt safe use of the internet and digital technologies at home and will inform the college if I have concerns over my child's e-safety.

Parents are **not** requested to sign an Acceptable Use Form but should contact the college if there are any concerns with the agreement set out in this document.
