

## CALLINGTON COMMUNITY COLLEGE (FOUNDATION SCHOOL)

# STUDY SUPPORT POLICY

‘Study Support is learning activity outside normal lessons which young people take part in voluntarily. Study Support is, accordingly, an inclusive term, embracing many activities, with many names and many guises. Its purpose to improve young persons motivation, build their self-esteem and help them to become more effective learners. Above all it aims to raise achievement’. (*Extending Opportunity: a national framework for Study Support, DfEE*).

Study Support at Callington is many and varied taking in both the Government definition above and work in lessons. Study Support activities take place before college, during break times, after college, at weekends and during college holidays. Although participation is voluntarily all students are encouraged to participate in activities. Staff and visiting coaches are voluntary although all staff involved in Curriculum Plus activities are paid for their services.

Study Support is an addition, a help to, and a supplement to the work that goes on in the classroom. By its very nature it touches upon all eight of the ‘Global Institution of Student Aspirations’ conditions.
